the.

Imprenditorialità Made in Italy, responsabilità sociale, attenzione ai dettagli e cura delle relazioni sono i valori strategici che Artceram pone al centro della produzione per la sua crescita.

Con un occhio sempre attento alla sostenibilità, l'azienda propone prodotti che uniscono bellezza, tecnologia, design ed artigianalità, per comunicare qualità e tendenza.

## UNA STORIA DI INNOVAZIONE

Business mentality based on a "made in Italy" concept, social responsibility, care for details and respect for relationships are the fundamental values of Artceram's production strategy and growth policy.

Always focused on sustainability, our company products are characterized by beauty, technology, design and craftsmanship that convey quality and trendy ideas.

The Art Ceram

Welcome to

the.artcera

am

illage

In un contesto sperimentale, si colloca The.artceram Village, che racconta il “mondo” Artceram promuovendo arte e territorio, in modo creativo e rigoroso, a tratti perfino dissacratorio.

## **ESTRO E FILOSOFIA**

The.artceram Village is placed in an experimental context and depicts the “Artceram’s world” by creative and rigorously promoting artistry and territory even in a desecrating way.

Artceram crede fortemente nella responsabilità sociale nei confronti del territorio e della comunità, per una relazione diretta ed empatica con gli interlocutori del suo mondo. The.Artceram Village è il contemporaneo mecenatismo umanistico e internazionale! Una vera e propria “casa” per coloro che si riconoscono nei valori aziendali, dove si organizzano e promuovono attività ed eventi culturali sempre strettamente correlati al brand.

## **THE.ARTCERAM VILLAGE**

Artceram strongly believes in social responsibility towards the territory and communities and creates direct and empathic relationships with people in its world.

The.Artceram Village represents a kind of contemporary humanistic and international patronage! A real "home" for those who identify themselves with the company values and where activities and cultural events - strictly interrelated with the branding - are promoted.

## The.Church

La Chiesa è un unicum, un suggestivo spazio di oltre 550mq ricavato da un'antica chiesa di Frati Cappuccini del 1577.

Luogo magico e suggestivo che amiamo utilizzare come una "tela bianca" nel quale inserire installazioni museali.

The Church is unique of its kind, a fascinating space of more than 550sqm inside an old church dating back to 1577 that belonged to Capuchin Friars.  
it's a magic, charming space that is internally used as a "blank canvas" for museum installations.

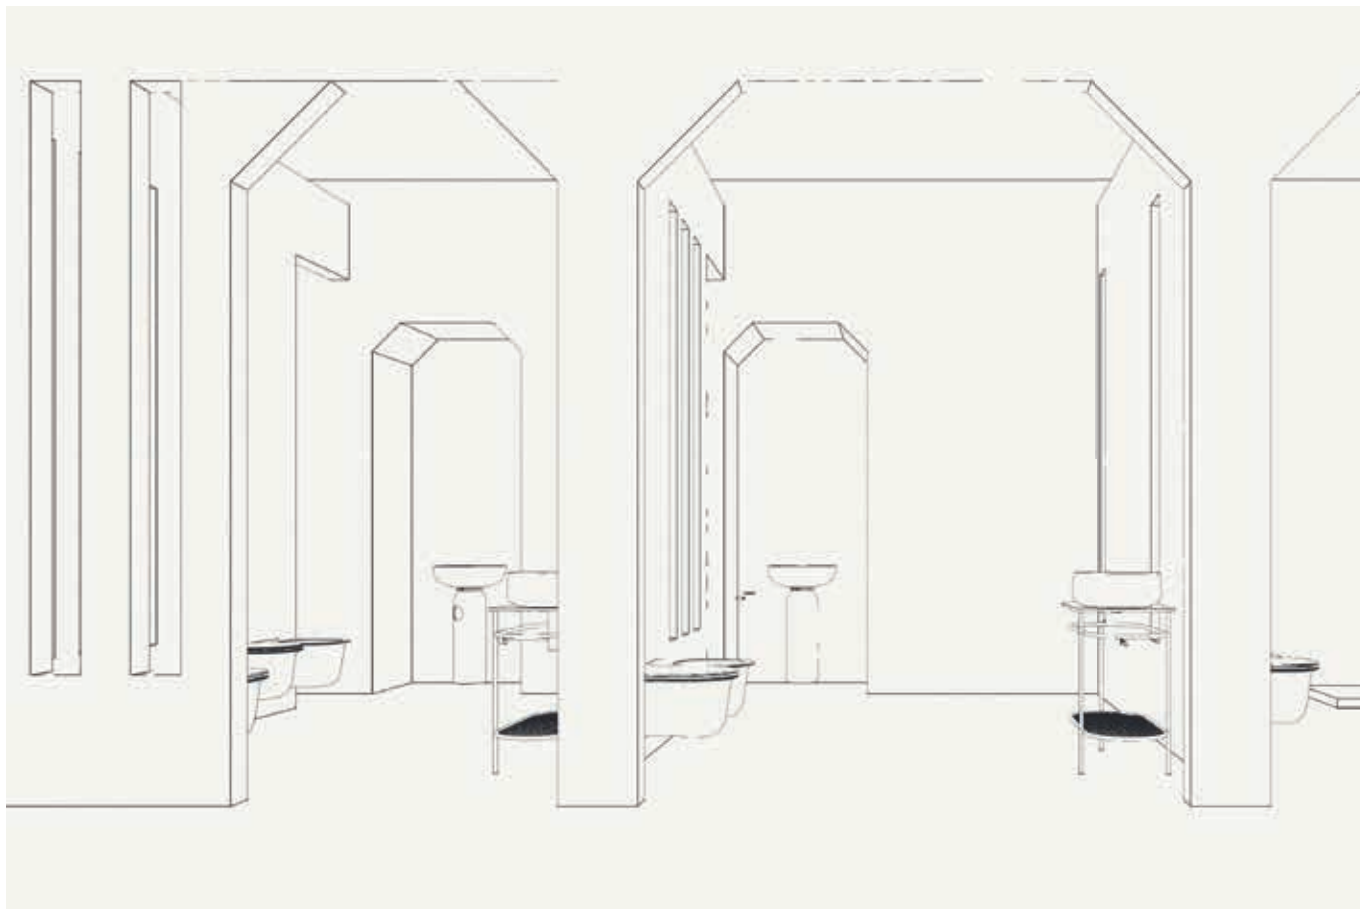

## **The.Bunker - UP TO DATE 22**

Una architettura industriale, un "non luogo", un mutevole contenitore industriale dalle diverse facce e geometrie viene reinterpretato per alloggiare al suo interno il nuovo showroom aziendale. Un completo total look rinnovato nella distribuzione degli spazi e degli allestimenti in continuità con l'immagine aziendale.

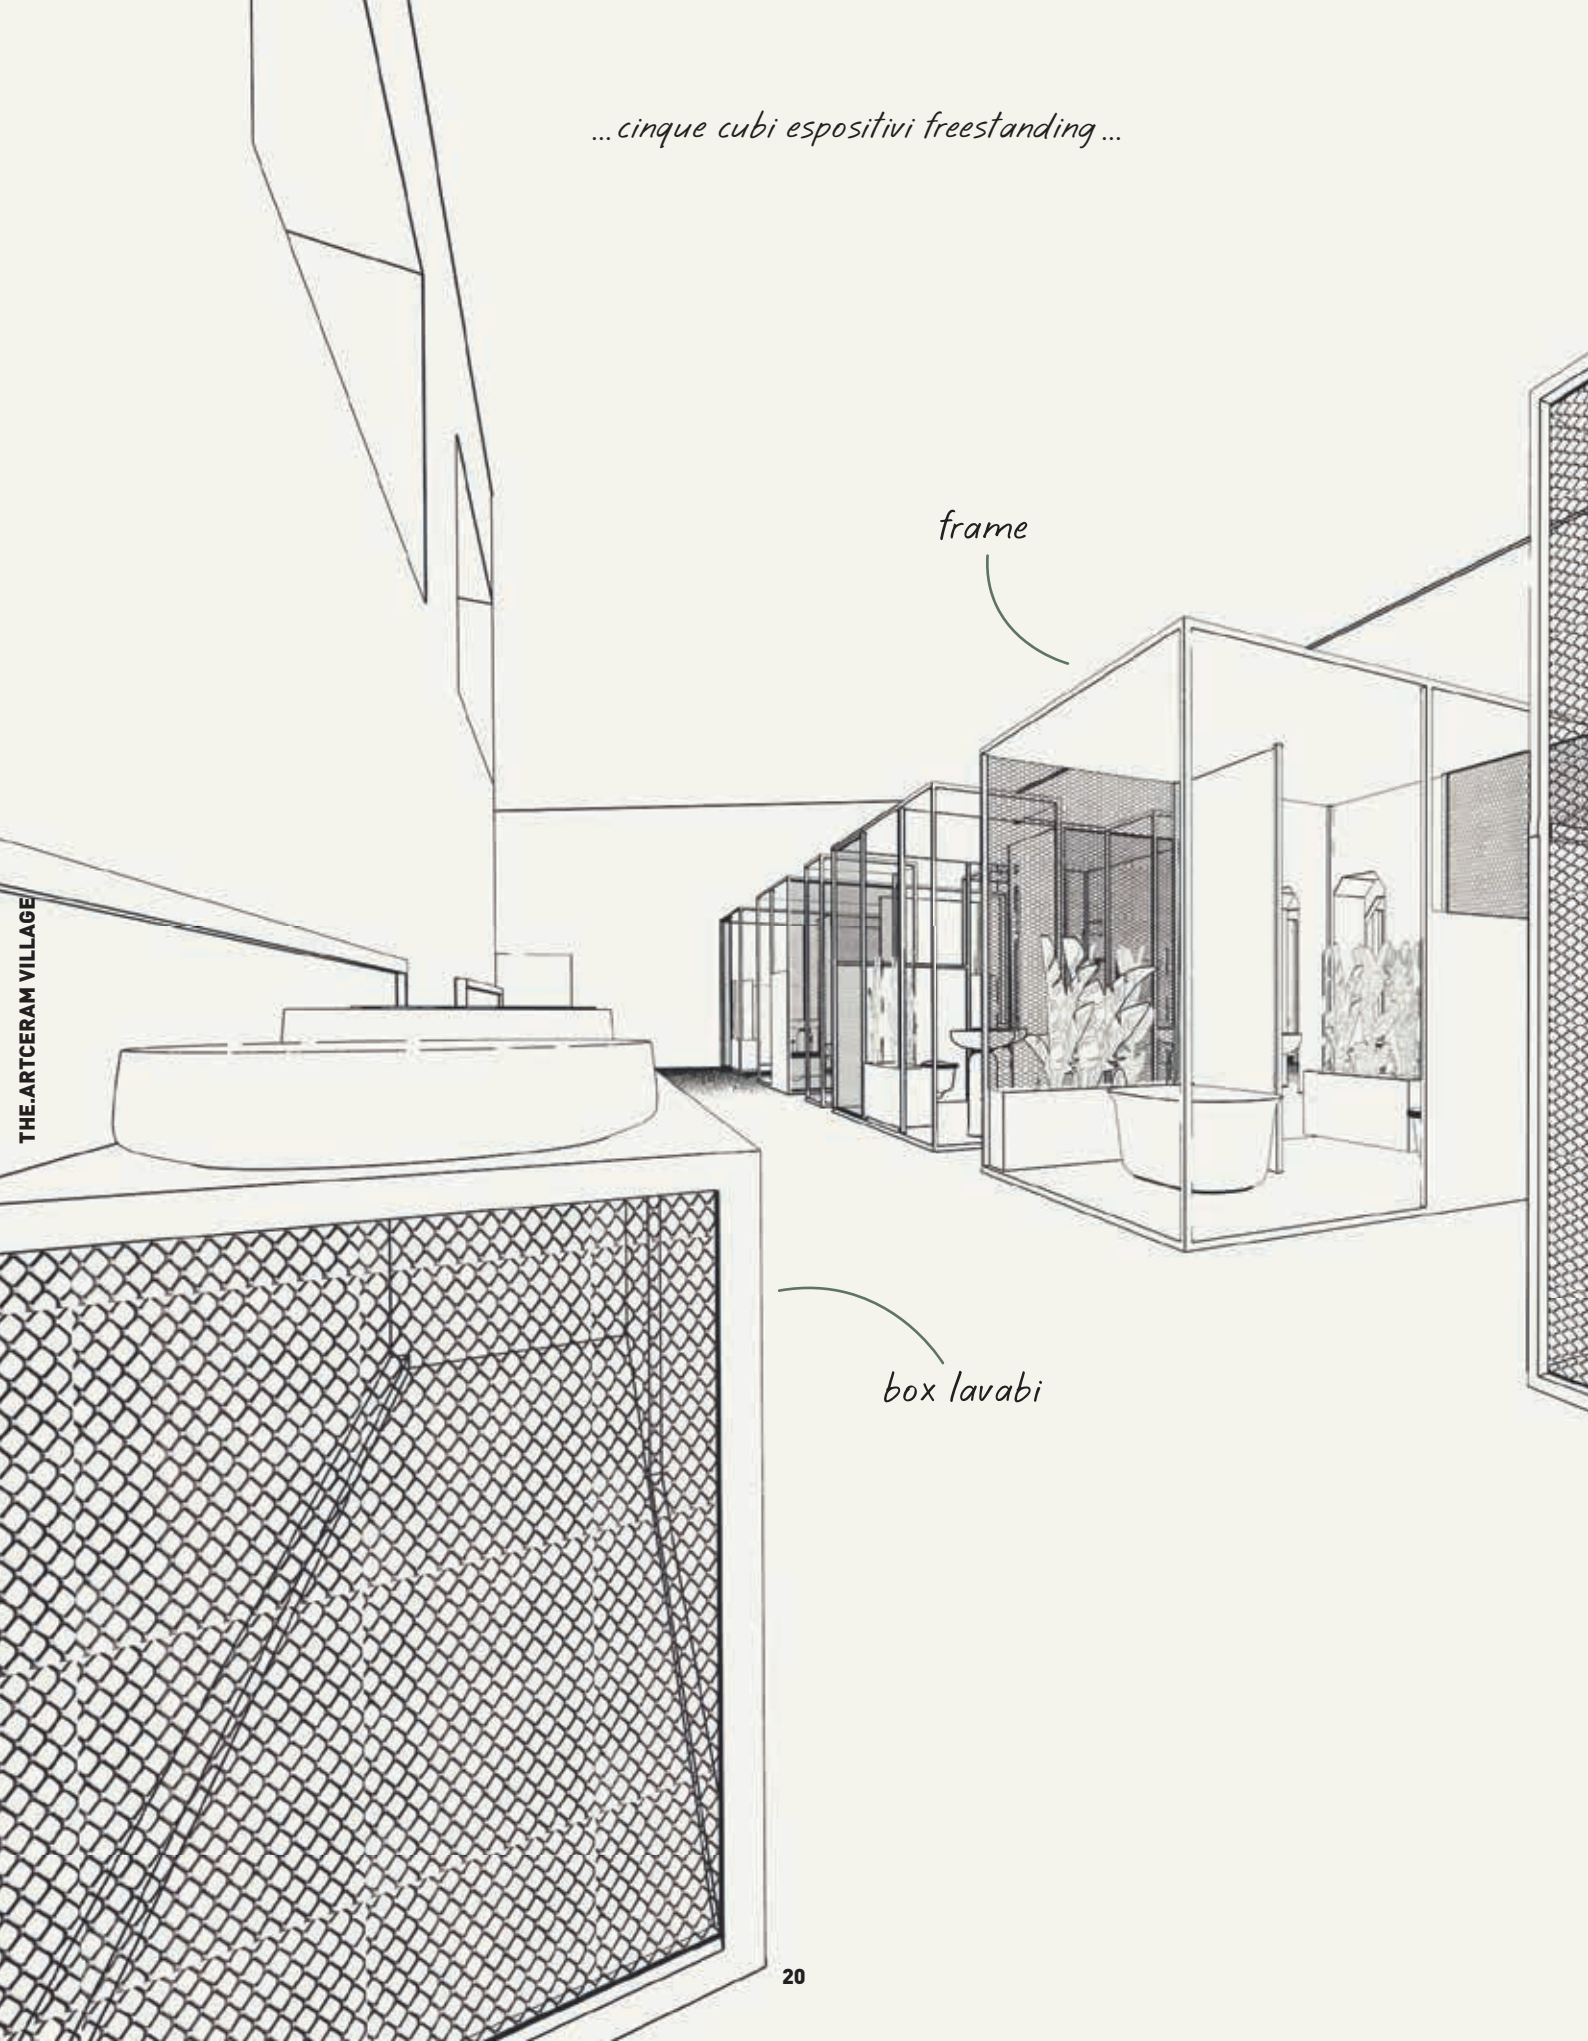

Platform freestanding adagiati nel cuore dell'architettura industriale accompagnano il percorso tra esposizione e workshop sino ad arrivare alla "wall of fame", angolo dedicato alla storia dei pezzi più iconici aziendali e ai riconoscimenti ottenuti in questi 35 anni di The Art Ceram.

Industrial architecture, an "immaterial idea", an ever-changing industrial space characterized by different sides and geometries re-interpreted to house the new company showroom. A completely renovated total look in terms of space distribution and fittings respecting the company image and mission. Platform freestanding items laid at the heart of this industrial architecture accompany the visitors' itinerary between a kind of display and workshop to finally pop into the "wall of fame", a space dedicated to the history of the most iconic pieces and to the many prizes the.Artceram was awarded over the past 35 years.

THE ART CERAM VILLAGE

## The Garden

Il bianco immacolato della facciata della chiesa si affaccia sul verde del prato, dove elementi iconici black&white e silhouettes femminili in metallo si ergono come totem metropolitani contribuendo a creare l'atmosfera accogliente di questa fabbrica dal volto umano.

The immaculate whiteness of the church façade overlooks the greenness of the grass where iconic elements in black&white and the women silhouettes soar like city totems and contribute to the warming atmosphere of this company with a human touch.

## **The.Olive Grove**

Uno spazio conviviale che si apre al verde della campagna, un container che "racchiude" tutti i valori aziendali, per promuovere il territorio in modo creativo e dissacratorio.

Accanto allo stabilimento un terreno collinare di 10 ettari con circa 230 ulivi ed un'area frantoio di 300 mq, dove si produce un ottimo olio made in The.Artceram!

A convivial space surrounded by greenery, a 40' box that "contains" the company core values to promote in a creative and irreverent way the territory. A hilly area of about 25 acres, 230 olive trees and a 300sqm oil mill space where an excellent made in The.Artceram oil is produced!

## The.Loft

Nel segno del recupero di ogni ricchezza presente, The.Loft, uno spazioso e luminoso ufficio, quasi una serra incastonata nel giardino, frutto della trasformazione di una ex officina di pneumatici, diventata ambiente gradevole e funzionale, che di notte si illumina, brillando come un vero e proprio gioiello sul giardino.

The.Loft - a sign of wealth restoration - is a roomy and bright office similar to a greenhouse set in the garden. Once a tyres shop, now it's been changed into a functional and pleasant environment that lights up and shines as a jewel when the night comes.

Dal 2006 ad oggi, la scelta strategica di puntare sul design ha portato significativi riconoscimenti internazionali che hanno premiato l'innovazione, la ricerca e la freschezza delle proposte.

## I RISULTATI

From 2006, the strategic focus on design led to international awards for innovation, research as well as fresh, smart ideas in our products.

# COLORI & FINITURE

# COLORS & FINISHES

The.Artceram offre molteplici configurazioni per i suoi prodotti a livello di forme, dimensioni, colori e materiali. Con la sua colorata e materica essenzialità arreda in maniera incisiva e caratterizzante ogni tipo di bagno.

La ceramica può essere scelta con 2 tipologie di finiture, sia lucida che opaca, in 17 colori differenti e ben 13 finiture con effetto materico! Perché anche il colore diventa una parte integrante del progetto e non una semplice "applicazione", per trasformare la stanza da bagno e interpretare il mood dell'interior design contemporaneo.

Nuance di tendenza e superfici materiche che rispondono ad esigenze funzionali, spaziali ed emozionali. Dal bianco e nero classici, a tonalità e sfumature più soft o vivaci, fino ad arrivare ai marmi e le graniglie che evocano la consistenza e le affascinanti sensazioni tattili dei materiali naturali... Segni diversi, minimali od organici, razionali o artistici, ma che hanno in comune un'unica matrice: il rispetto del prodotto e la continua ricerca di nuovi linguaggi espressivi per personalizzare il bagno, lasciando libero spazio all'utente finale di sfogare la propria creatività.

Lo studio cromatico di The.Artceram non si ferma solo all'applicazione sulla ceramica, ma si vuole dare un prodotto finito in tutte le sue componenti! Per cui al catalogo si aggiungono i piani in marmo vero e diversi metalli, per quanto riguarda le strutture, ed i laccati sugli elementi contenitivi. Flessibilità, colore e leggerezza nelle scelte delle cromie, da abbinare liberamente per costruire un ambiente bagno a proprio uso e consumo, facile da scomporre e ricomporre in infinite varianti!

The.Artceram offers multiple solutions on its products in terms of shapes, dimensions, colours and materials. Colours and matter essentiality help to fit out any kind of bathroom with sharp and characterizing ideas. Ceramic products can be selected in 2 types of finishes, glossy and matt, in 17 different colours and 13 finishes with a material effect! Colours plays a central role in this project, not just a simple "application", and transforms the bathroom space by interpreting the mood of contemporary interior design. Trendy nuances and textured surfaces that meet functional, spatial and emotional demands. From the classic black and white, soft and bright shades to marble and grit finishes that recall the solid aspects and the pleasing tactile sensations of natural materials... Distinctive, minimal or organic signs, rational or artistic that come from the same source: care for the product and a continuous research of expressive languages to customize the bathroom area and let the end-user give expression to creativity. Colours are not meant by Artceram to be applied only on ceramic but permeate all the component parts of the final product. This is the reason why marble tops, metal structures and lacquered storage elements can be found in the catalogue. Flexibility, colours and frivolity in the choice of colours allow to freely design a customized bathroom, easy to create - and re-create - in endless variations.

## *Column Washbasin System*

Centrostanza ceramico in stile “new vintage”, materico e camaleontico, caratterizzato da due entità ben precise, antitetiche e sbilanciate, tanto divise quanto unite attraverso un legante che possiamo definire un gioiello, un anello che “divide et impera” esaltando finiture e colori.

Si tratta di un progetto contemporaneo, che si basa sull’equilibrio instabile delle parti, sulla stabilità della colonna che sorregge una precaria acquasantiera.

Tuttavia la precarietà e la poetica degli opposti viene interrotta da un terzo elemento materico a contrasto che unisce i poli generando stabilità tra le parti.

Freestanding basin in ceramic with a “new vintage style”, solid and chameleonic, characterized by two precise, unbalanced and antithetic entities, divided but united through a binding element that looks like a jewel, a “divide et impera” ring exalting finishes and colours.

This is a contemporary project based on the instable balance of its parts, on the stability of the pedestal that supports an instable stoup.

The instability and poetic idea of contrasting elements it’s interrupted by a third solid element that unites the instable poles and creates a perfect stability.

## JOLIE SYSTEM

Anche il lavabo a colonna Jolie si può vestire e comporre a proprio piacimento, come per i sanitari Chic, in un perfetto mix&match! L'elemento inferiore può essere così esaltato al meglio scegliendo tra le nuove finiture materiche, marmi e graniglie, che possono essere accostate al dettaglio "gioiello" dell'anello.

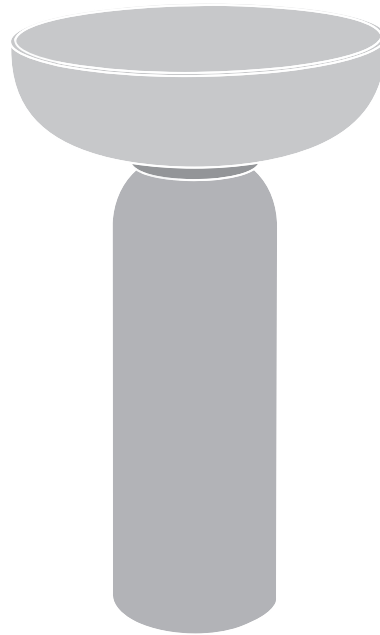

The freestanding basin Jolie can be dressed up and composed as Chic sanitaryware in a perfect mix&match! The bottom element can be exalted by selecting new solid finishes (marbles and grits) that can match the "jewel idea" of the ring.

### DRESSING/01

lavabo e colonna monocromatici in ceramica disponibili nei colori CLASSIC e GLOSSY, con anello in metallo verniciato a scelta tra 3 colorazioni  
monochrome basin and pedestal, available in the CLASSIC and GLOSSY colours, while the metal ring can have 3 finishes

### DRESSING/02

versione bicolore con lavabo in ceramica CLASSIC o GLOSSY, anello in metallo verniciato e colonna decorata disponibile anche in tutte le finiture MARMI&GRANIGLIE  
two-tone version with CLASSIC or GLOSSY ceramic basin with a painted ring and pedestal available also in all MARBLES&GRITS finishes

Come gran parte dei progetti Artceram, anche il lavabo centrostanza Jolie si caratterizza per la sua versatilità funzionale ed il mix-and-match di materiali e colori.

Può "trasformarsi" aggiungendo o togliendo le diverse colorazione e finiture.

Questi sono esempi di abbinamenti cromatici consigliati da noi, dove abbiamo voluto giocare e sperimentare per creare prodotti eleganti e versatili! Ovviamente, come sempre, siete liberi di creare altri mille abbinamenti... Date spazio alla vostra creatività!

*ATTENZIONE! Le tonalità degli effetti marmo e graniglie sono da ritenersi indicative in quanto possono variare in relazione alle modalità di stampa del catalogo.*

JOLIE - TIPS

As for the most part of Artceram-made projects, the freestanding basin Jolie is characterized by its adaptable functionality and matching of materials and colours.

It can be transformed by adding or removing different colours and finishes.

These are the colour matches that we suggest, we like to play and experiment in order to create versatile and elegant products! Obviously, one can create many other combinations....

Feel free to play and create!

ATTENTION! The tones of marbles and grits are to be considered purely indicative since they may vary in accordance with printed material modality.

## JOLIE SYSTEM

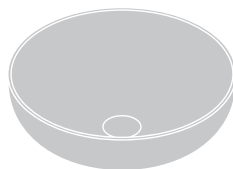

Il lavabo Jolie può tranquillamente “esistere” anche senza la sua colonna, semplicemente installandolo in appoggio su un piano! La vasca dalle dimensioni importanti, con un occhio di riguardo alla forma perfetta del cerchio, mette in risalto l’obiettività della forma armonica che va a braccetto con la contemporaneità.

The basin Jolie can be installed even without its pedestal simply mounting it on a top!  
A very big bowl with a perfect round design exalting its balanced shape  
and matching it with contemporary ideas.

# VOGUE 2.0

*Structure Collection*

Vogue è una struttura metallica di forma circolare e dal design discreto, che "eleva" i lavabi a veri e propri centrostanza, e con il vantaggio di poter contare su un porta asciugamano integrato e su di una utile base di appoggio! Rispetto alla sua primissima edizione il sistema viene ampliato: Vogue 2.0 ne è la naturale evoluzione che prevede l'introduzione di nuovi elementi, con finiture e colori sempre sorprendenti. Saranno disponibili infinite soluzioni caratterizzate da curati contrasti e piacevoli contraddizioni, ideali per qualsiasi tipo di location! La struttura autoportante, inizialmente pensata per essere un "sostegno" ai i tre lavabi Ø44 Rombo, Millerighe e Atelier, si arricchisce di nuovi piani in marmo (disponibili 6 tipologie differenti), estendendo così la possibilità di montare i nostri lavabi da appoggio best-sellers, i due più piccoli della famiglia Cognac (Ø42 e 35)

Vogue is a round metal structure with a soft design that transform the basins into real free-standing ones with an integrated towel holder and a useful support surface!  
Compared to its very first edition, the system gets extended: Vogue 2.0 is the evolution of the previous collection with the introduction of new elements, finishes and ever-surprising colours. Various solutions will be available, all characterized by elegant contrasts and pleasing contradictions, suitable for any kind of place!  
The standing structure, designed to be a top for the 3 Ø44cm basins, Rombo, Millerighe and Atelier, is enriched by new marble tops (available in 6 different finishes) and extends the opportunity to mount among our top-selling basins also the smaller of the Cognac Series (Ø42 e 35cm)

## VOGUE 2.0 SYSTEM

Un'unica struttura razionale e versatile, coordinabile a cinque lavabi della produzione Artceram.  
Minimo ingombro per un design elegantemente essenziale che sa attirare l'attenzione!

A unique, versatile and rational structure on which five basins made by ArtCeram can be mounted.  
Minimum space for an essential and elegant design that draws attention!

VOGUE 2.0 - TIPS

Questi sono esempi di abbinamenti cromatici consigliati da noi. Abbiamo voluto giocare e sperimentare con forme e colori per creare prodotti che siano eleganti oltre che utili e versatili!

La ricerca della versatilità si concretizza nella possibilità di scegliere le strutture in 3 colorazioni con ripiani in 6 marmi differenti, e nell'opportunità di abbinamento di 5 tipologie di lavabi (ovviamente tutti disponibili nei colori The.Artceram); la possibilità di personalizzazione ricade anche sulla base d'appoggio inferiore in lamiera microforata o in ceramica con le medesime finiture del lavabo posizionato sopra. Ma siete liberi di creare altri mille abbinamenti...

Date spazio alla vostra creatività!

*ATTENZIONE! Sconsigliamo di montare i lavabi con le finiture Marmo&Graniglie sui piani di appoggio in marmo*

These are some examples of matching colours that we suggest. We like to play and experiment with shapes and colours and create products that are functional, elegant and versatile!

The research to make versatile products is well defined in the 3 structures by different colours and with 6 different marble tops and finally, with the possibility to match the 5 types of basins (all available in The.Artceram colours); also the users have the opportunity to customize the base at the bottom with a grid or with a ceramic top matching the colours of basin one wants to mount.

Anyone is free to create any other solution... Creativity is the user's focus!

ATTENTION! We do not suggest to mount the Marble&Graniglie basin on Marble tops.

# FLAIR 3.0

*Structure Collection*

Amiamo pensare alla zona bagno come uno spazio da vivere dinamico ed elegante, in continua trasformazione... Nasce così l'ampliamento di serie della nostra struttura Flair! Il progetto con un approccio architettonico si articola attraverso diversi livelli di segni, materiali e colori dove il lavabo è l'elemento centrale del bagno.

Per questo abbiamo voluto "aprire" il mondo di Flair anche agli altri lavabi da appoggio delle nostre collezioni: Atelier, Rombo, Millerighe e Cognac.

La struttura a 3 gambe diventa un sistema completo e molto articolato, grazie anche ai nuovi piani in marmo sagomato e all'aggiunta di pratici contenitori posizionabili con estrema facilità per creare combinazioni creative flessibili e personalizzate a seconda delle esigenze.

We like to think at the bathroom like an ever-evolving space where one can live dynamically and elegantly... That's why we extended the series on our Flair structure!

The project is conceived architectonically through the use of different levels of signs, materials and colours where the basin is the core element of the bathroom. For this reason, the Flair was extended to other countertop basins of other collections: Atelier, Rombo, Millerighe and Cognac.

The three-footed structures becomes an articulated and complete system thanks also to the new designed marble tops and with the addition of small cabinets that can be easily positioned to create flexible and customized opportunity that meet any customers' demand.

## FLAIR 3.0 SYSTEM

Una sola struttura installabile sia a destra che a sinistra, semplicemente ruotandola di 180°, su cui posizionare tutti i lavabi da appoggio che abbiamo selezionato per voi!  
Linee geometriche pure che nascono dal bilanciamento di volumi pieni/vuoti e creano piacevoli contrasti.

A unique structure that can be installed on both sides (left and right) with a simple 180° rotation and on which countertop basins we have selected can be mounted!  
Pure geometric lines that come out of the balance between solids and voids creating pleasing contrast.

Flair 3.0 si caratterizza per la sua versatilità funzionale ed il mix-and-match di materiali e colori. Può "trasformarsi" aggiungendo o togliendo i diversi elementi contenitivi (cassettoni e mezzaluna). Le strutture sono disponibili in 3 colorazioni, con top in 6 marmi differenti abbinabili a 6 tipologie di lavabi da appoggio (ovviamente tutti disponibili nei colori The.Artceram); i contenitori possono "seguire" lo stesso colore della struttura o scegliere uno dei 3 nuovi toni "polverosi" che si caratterizzano per la loro eleganza e profondità cromatica.

Questi sono esempi di abbinamenti cromatici consigliati da noi, ma siete liberi di creare altri mille abbinamenti... Date spazio alla vostra creatività!

*ATTENZIONE! Sconsigliamo di montare i lavabi con le finiture Marmo&Graniglie sui piani di appoggio in marmo.*

Flair 3.0 is characterized by being both functional and versatile. A mix-and-match of different materials and colours. It can be "transformed" by adding or eliminating some elements (cabinets and half moon)  
Structures are available in 3 colours with 6 different marble tops that can match the 6 different kinds of countertop basins (all available in The.ArtCeram colours); the cabinets can be of the same colour of the structure otherwise the 3 new "dusty" finishes can be selected.  
These new finishes are characterized by elegance and colours depth.  
These are some examples of matching colours that we suggest but anyone is free to create any other solution... Creativity is the user's focus!

ATTENTION! We do not suggest to mount the Marble&Graniglie basin on Marble tops.

# FLAIR 4.0

*Structure Collection*

Una nuova configurazione inedita per il sistema Flair, dove abbiamo esplorato nuovi linguaggi per un'idea di bagno non convenzionale.

Un prodotto fuori dall'ordinario per chi è alla ricerca di qualcosa di diverso!

Con la sigla "4.0" vogliamo rimandare idealmente alle "4 gambe" della struttura, che si differenzia subito dalla precedente (3.0 ovvero tre gambe).

Le dimensioni più importanti, ma seppur contenute, permettono di installare ben 9 dei nostri lavabi appositamente selezionati.

Le forme addolcite ed un look iconico fanno sì che Flair 4.0 abbia uno stile senza tempo, dove bellezza è sinonimo di funzionalità e leggerezza.

This is a brand new design for the Flair system where new expressions have been explored in order to create an unconventional idea of a bathroom.

A very special product for people searching something special!

The "4.0" recalls the idea of the 4 feet of the structure that differs from the previous one (3.0 - three-footed structure).

Dimensions are bigger but not exceptional and allow to install 9 different basins which are purposely selected.

The soft shapes and the iconic look of the Flair 4.0 give it an evergreen style where beauty is synonymous with functionality and beauty.

## FLAIR 4.0 SYSTEM

La forma a biscotto permette di installare sul piano di marmo anche i lavabi ovali più grandi. Come le altre nostre strutture è estremamente versatile e personalizzabile grazie alla possibilità di scegliere per la parte inferiore tra il cassetto sagomato o il ripiano a griglia che seguono la forma del top superiore.

Its cookie shape allows to install on its marble top also the bigger oval basins.  
As for the other structures, this is extremely versatile and can be customized thanks to the selection of the bottom cabinet or grid shelf that match the shape of the top.

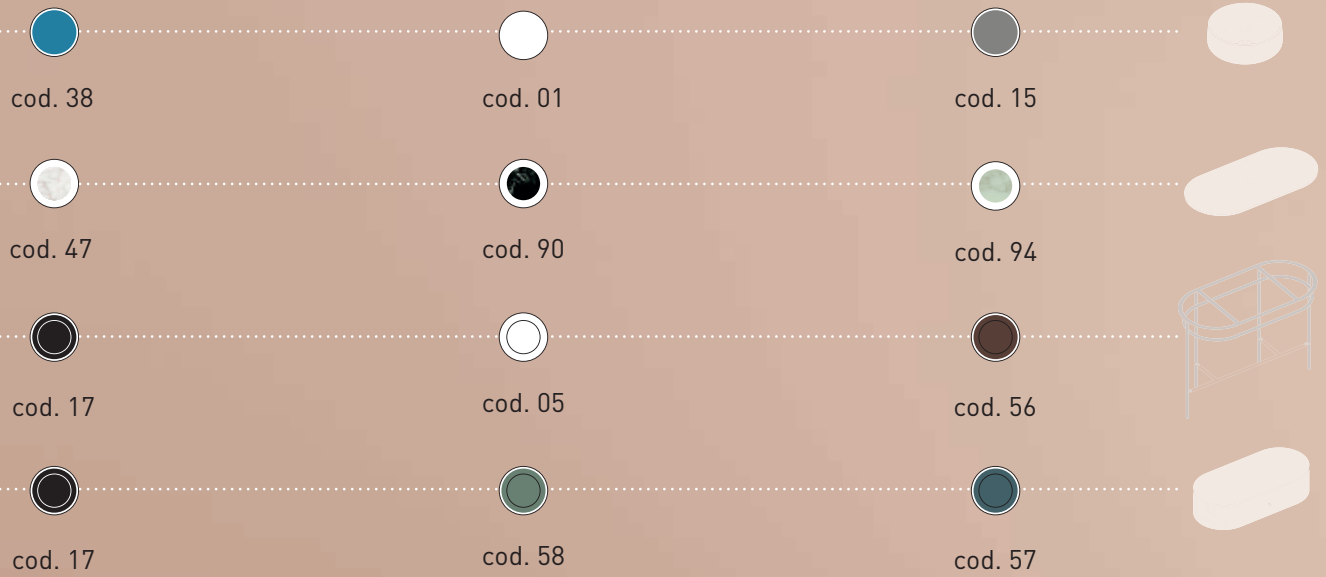

Flessibilità, colore e leggerezza in un ambiente contemporaneo, grazie ad una adattabilità compositiva fuori dal comune! Come per la sorella minore a 3 gambe, anche questa struttura ha un ampio range di cromie e materiali che permettono un'elevata possibilità di personalizzazione. 3 colorazioni per le strutture metalliche con i piani in 6 marmi differenti abbinabili a 9 tipologie di lavabi da appoggio (ovviamente tutti disponibili nei colori The.Artceram); il cassettone sagomato può seguire lo stesso colore della struttura o a contrasto scegliendo uno dei 3 nuovi toni (Platino, Pavone o Muschio).  
 Questi sono esempi di abbinamenti cromatici consigliati da noi, ma siete liberi di creare altri mille abbinamenti... Date spazio alla vostra creatività!

*ATTENZIONE! Sconsigliamo di montare i lavabi con le finiture Marmo&Graniglie sui piani di appoggio in marmo*

FLAIR 4.0 - TIPS

Flexibility, colours and soft ideas in a contemporary bathrooms thanks to the unique composition!  
As for the three-footed one, this structure presents a wide range of colours and materials that allows various personalized possibilities. Three colours for the structures with 6 different marbles matching the 9 kinds of countertop basins (all available in The.ArtCeram colours); the cabinet can match the same colour of the structure or create a contrast by selecting one of the three new finishes (Platinum, Peacock and Musk).  
These are some examples of matching colours that we suggest but anyone is free to create any other solution... Creativity is the user's focus!

ATTENTION! We do not suggest to mount the Marble&Graniolie basin on Marble tops.

# FUORI SCALA

*Washbasins & Structures Collection*

Guardare avanti con uno sguardo rivolto al passato, innovare rispettando le proprie radici e la propria storia. Fuori Scala è una collezione di lavabi dal design poliedrico, in grado di contaminare linguaggi e piani temporali, passato presente e futuro, dalle linee essenziali e contemporanee.

L'evoluzione della collezione si concretizza con l'introduzione di nuovi elementi e finiture sulle strutture. Una proposta completa di soluzioni contenitive e funzionali grazie ai pratici cassettoni in legno laccato. Volumi vuoti e pieni si alternano con un andamento ordinato e razionale ma allo stesso tempo flessibile. Proposte dinamiche e raffinate, perfette per ogni tipo di bagno, anche di piccole dimensioni.

Le numerose possibilità di abbinamento di lavabi, finiture, e colori portano e possibili configurazioni a raggiungere tantissime soluzioni diverse!

A future perspective shaped by the past, innovation that respects origins and history. Fuori Scala is a new collection of basins with a versatile design that blends artistic expression and temporal planes, past, present and future, with essential and contemporary lines.

The evolution of collection is characterized by the introduction of new elements and colours on the structures.

A complete proposal with cabinets and functional solutions thanks to the practical cabinets in laquered wood.

Solids and voids are put together with order and rationality but at the same time with flexibility. Dynamic and refined proposals, suitable for any bathroom even of small dimension ones.

Various possibility to match basins, colours and finishes can lead to many different solutions!

Collezione Fuori Scala  
*Collection Fuori Scala*

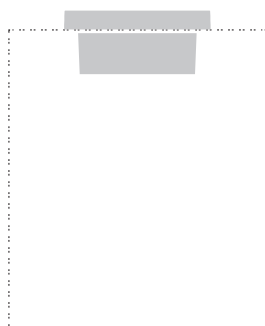

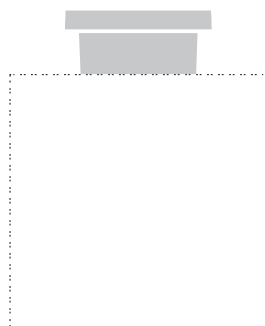

## FUORI SCALA SYSTEM

I lavabi Fuori Scala sono pensati per essere installati in tre diversi: da appoggio, emulando nel segno quello di una grande pentola; incassati nel top del mobile da bagno dove viene esaltato il suo caratteristico profilo a bordo fino, delineato da un bordo pronunciato e da una base di appoggio complanare; oppure su strutture in metallo dedicate.

Fuori Scala washbasins are designed to be installed in three different ways, thanks to a very thin rim: they can be installed as ovetop basins - semiotically similar to a cooking pot - or as inset basins in line with the top of bathroom furniture where the evident thin rim is accentuated; or mounted on dedicated metal structures.

## FUORI SCALA SYSTEM

Le strutture possono essere inserite nei contesti più svariati grazie alla possibilità di scegliere tra tre varianti per la parte inferiore, una ricca proposta di soluzioni contenitive e funzionali: dalla mensola in ceramica, al ripiano con griglia microforata, fino al pratico cassettone!

The structures can be inserted in many contexts thanks to the possibilities of selection of bottom parts, a rich proposal of functional items and cabinets: ceramic top, grid and practical cabinet!

Oltrepassare il confine della funzionalità del bagno come luogo di servizio, per abbracciare l'idea di uno spazio che esprime personalità attraverso una serie di elementi eclettici. Leggerezza è la parola chiave nelle scelte cromatiche, proposte a blocchi di colore che definiscono l'ambiente con forme geometriche lineari! 3 toni (bianco, nero e moka matt) per le strutture metalliche e le griglie microrforate, i lavabi Fuori Scala ed i ripiani ceramici sono invece disponibili in tutti i colori The.Artceram; il cassettoncino sagomato può seguire lo stesso colore della struttura o a contrasto scegliendo uno dei 3 nuovi toni (Platino, Pavone o Muschio).

Questi abbinamenti sono una "traccia" consigliata da noi, ma potete abbinare liberamente le varie cromie per costruire un ambiente bagno a proprio uso e consumo, facile da scomporre e ricomporre in infinite varianti!

Crossing the border of functionality of the bathroom as a secondary place to embrace the idea of a space that express personality through a series of eclectic elements.

Lightness is the key word when choosing colours, colour proposals that define the environment with linear geometric shapes!

3 finishes (white, black and matt moka) for the metal structures and grids, the Fuori Scala basins and ceramic tops are - on the contrary - available in all The.Artceram colours; the cabinet can match the same colour of the structure or create a contrast by selecting one of the three new finishes(Platinum, Peacock and Musk).

These are some examples of matching colours that we suggest but anyone is free to create any other solution to make the bathroom extremely customized and easily made in many variations!

# CUP

*Freestanding Washbasin*

Una citazione leggera, il lavabo centrostanza Cup é un ironico omaggio alla tazzina da caffè, icona italiana per eccellenza, espressione di un quotidiano normale dove il manico della tazza diventa un "utile" porta salviette.

Un chiaro riferimento alla Pop Art che attinge provocatoriamente i propri soggetti dall'universo dell'uso e del consumismo quotidiano. Realizzato in Livingtec, nelle finiture bianca lucida o bicolore bianco&nero.

A light citation, Cup is a freestanding washbasin, an ironic tribute to the coffee cup, the Italian icon for excellence. The handle of the cup becomes a "useful" towel rail.

A clear allusion to Pop Art, which taps into its provocative subject from the universe of consumerism. Cup is made of Livingtec in white colour, or in black and white gloss finish.

## CUP SYSTEM

La nostra "tazzina" ha un approccio originale al progetto, con un segno altamente riconoscibile!  
Abbiamo lavorato non soltanto sulla sua forma iconica, ma anche sulle diverse vestizioni per ottenere effetti sempre nuovi e sorprendenti. La versione bicolore rende il lavabo centrostanza ancora di più un oggetto magico ed unico.

Our "coffee cup" with its original project approach, a very recognisable iconic sign!  
We concentrated not only on its iconic shape but also on its different dressings so to have always new and surprising effects. The bicolour version of this freestanding element makes it even more unique and magical.

# SHARP

## *Freestanding Washbasin*

Sharp nasce come elemento architettonico, una colonna estrusa, messa in torsione e sfaccettata. È un progetto formalmente rigoroso, freddo e tagliente. La rotazione del catino rispetto alla base crea una rete di punti attraverso i quali vengono costruite le otto superfici triangolari che compongono la struttura. Sharp può essere utilizzato sia freestanding, con scarico a terra che appoggiato a parete, con scarico a muro. Il lavabo è infatti studiato in modo tale che la sfaccettatura posteriore sia complanare alla parete, consentendo così il perfetto accoppiamento lavabo-parete. La vasca completa le sfaccettature delle pareti, facendole convogliare verso lo scarico dell'acqua. Sharp è realizzato in Livingtec nella finitura bianca lucida.

Sharp is an architectural element, an extruded column that makes a twist and splits into faces. It is a rigorous, cold and sharp washbasin.  
The rotation of the basin from the base creates a network of points through which the eight triangular surfaces that compose the structure are created.  
Sharp may be used free-standing, with the drain on the ground, and back to wall, with the drain on the wall.  
The design of the basin allows the back face to be parallel to the wall.  
Sharp is made of Livingtec available in white gloss finish.

# LA FONTANA 2.0

*Column & Urinal Collection*

Nel 2019 Artceram ripropone due prodotti iconici della collezione La Fontana, che rappresentarono un vero e proprio punto di svolta nel percorso dell'azienda.

La colonna e l'orinatoio vengono rivisitati in una nuova versione 2.0, che si potrebbe definire "Millennial oriented", rivolta ad una clientela giovane e caratterizzata da un nuovo modo di leggere e vivere il bagno.

La filosofia alla base della nuova La Fontana è la volontà di innovare e tenersi al passo con i tempi, con un occhio al passato e senza mai perdere di vista i capisaldi del progetto originale.

In 2019 Artceram will re-launch on the market two of the most iconic items of the La Fontana collection that represented a turning point in The.Artceram pathway. The column and urinal have now a new look, a 2.0 version characterized by a "Millennial oriented" touch addressed to young people with a new bathroom perspective. The idea behind the new La Fontana is innovation, respecting the original 2006 design, but with a look at the past and the main features of the original project.

# PETITE

## *Freestanding Bathtub*

Petite è una piccola e graziosa vasca urbana, adatta a tutti quegli ambienti ristretti che hanno bisogno di romanticismo, cura e attenzione nei dettagli. Una vasca freestanding di dimensioni contenute e grande capienza, pensata per offrire il massimo del comfort e relax anche nei piccoli ambienti. 140 x 70 x 50 cm sono le sue dimensioni che rimandano idealmente alla tinozza, alla memoria di un oggetto perduto, memoria di un tempo dove l'acqua era un bene prezioso... proprio come adesso. Artceram interpreta così il tema della vasca e della necessità di ridurre l'utilizzo dell'acqua con una elemento contenuto, tanto piccolo quanto garbato, dove il bordo superiore idealmente invita ad immergersi e a rilassarsi senza sentirsi in colpa.

Petite is a small elegant urban bathtub which can be installed in small romantic spaces where details are taken care of.  
It's a small freestanding but capacious bathtub designed to offer maximum comfort and relax even in small spaces. 140 x 70 x 50 cm that ideally recall a tub, a past souvenir adopted when the water was considered a precious element... as it is now.  
Artceram re-interprets that bathtub idea with the goal of reducing the use of water through a small element, small but elegant where the rim invites the end-user to dip and relax without feeling guilty.

## *Sanitaryware Collection*

Chic è una collezione di sanitari sospesi rimless, molto evoluta e contemporanea, che guarda oltre il ristretto mondo dell'arredo bagno per confrontarsi con l'emisfero del "furniture" dal quale attinge tutta l'esperienza tattile e visiva dell'accostamento di finiture materiche di vario tipo.

La serie si ispira liberamente all'Art Déco del primo '900 ma è ridisegnata in chiave contemporanea, riprende le raffinate suggestioni di quell'epoca che sono rielaborate con il gusto e la sensibilità di una prospettiva contemporanea.

Chic ha il giusto equilibrio di forme classiche ed essenziali che ne esaltano anche le linee romantiche!

Chic is a collection that consists of wall-hung rimless sanitaryware, very evolved and contemporary, going beyond the tight world of the bathroom fittings and confronting with the "furniture" idea from where it draws on tactile and visual experiences and matches materials and finished of various kinds.

This series takes free inspiration from the Art Déco of twentieth-century but it's been re-designed with a modern touch, the refined suggestions of that time have been re-elaborated with the taste and touch of a contemporary view.

Chic shows a right balance of classical and essential lines that exalt its romantic touch!

## CHIC SYSTEM

Chic è una collezione da vestire e comporre a proprio piacimento!  
Colori, marmi e graniglie possono essere accostati ai dettagli in cromo e oro delle cerniere del copriwater.  
A quest'ultimo è stata data particolare attenzione alla progettazione che, invece di nascondere le cerniere, le esalta mettendole in relazione alle varie finiture presenti nel progetto.

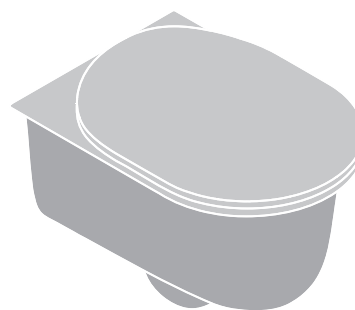

Chic is a collection that can be dressed up and composed as one likes!  
Colours, marbles and grits can match chromed and gold details of the hinge seat.  
The seat was given enormous attention while designing it since – instead of hiding the hinges – it exalts them by juxtaposing them to the various finishes of this project.

### DRESSING/01

sanitari monocromatici disponibili  
nei colori CLASSIC e GLOSSY  
monochrome sanitaryware  
available in CLASSIC  
and GLOSSY colours

### DRESSING/02

sanitari decorati su base ceramica bianca  
lucida superficie inferiore esterna disponibile

## CHIC SYSTEM

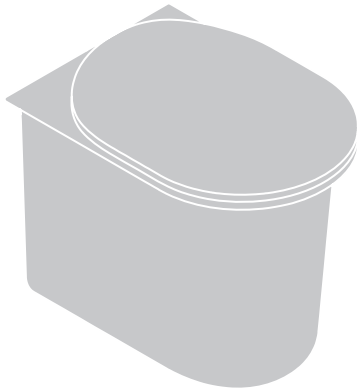

Anche sui nuovi sanitari a terra della collezione Chic, così come per quelli sospesi, sono disponibili entrambe le tipologie di "vestizione".

Vogliamo scardinare l'idea dei classici sanitari, almeno visivamente, grazie a una flessibilità compositiva fuori dal comune. Infatti, con l'introduzione dei nuovi colori glossy tenui la possibilità giocare tra i diversi mix&match delle nostre collezioni si amplia ancora di più!

The two types of "dressing" are also available on the back to wall items and wall-hung ones of Chic collection.

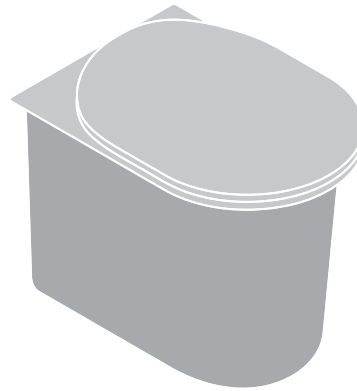

The aim, at least visually, is to disrupt the idea of classic sanitaryware through an unusual compositional flexibility. In fact, with the introduction of the new soft glossy colours, our goal is to expand the possibility to play with the different mix&match of our collections!

# THE ONE

*Sanitaryware Collection*

The One rappresenta un nuovo step evolutivo nel comparto della ceramica sanitaria. Bordo fino, assenza di brida e sedile senza cerniere rendono i sanitari unici e innovativi. La tecnologia rimless permette di togliere la camera ceramica e di ridurre il bordo al minimo. Segno distintivo di The One è il sedile senza cerniere (patent pending), incassato nel corpo ceramico. La tecnologia Wood-Skin® permette infatti di ricavare la copertura del wc dalla fresatura di un'unica lastra ad alta resistenza e ultrasottile, di soli 10mm. Lo sgancio è rapido, l'igiene totale.

Il sedile incassato e continuo fino a parete evidenzia il bordo fino anche da chiuso, per un'estetica minimale e pulita, perfettamente coordinata al bidet. Arricchisce la collezione la consolle a bordo fino, caratterizzata da una linea elegante e morbida, forme minimali e dimensioni contenute.

"The One" represents a new evolutionary step in the ceramic field. Rimless, thin-rim, small in size and an inset seat cover with no hinge system make this collection absolutely revolutionary and unique.

Without the rim, this technology allows the elimination of the ceramic chamber and the reduction of edge resulting in a bigger bowl in same dimensions. The hallmark of "The One" is its hingeless seat cover (patent pending) which is built into the slim rim. The Wood-Skin® technology allows the creation of the seat cover through the milling of a unique sheet, highly resistant and only 10mm slim. Easy take off seat, total cleaning. The inset seat cover highlights the thin rim even when closed, respecting the formal symmetry with the bidet. The collection The.One becomes enriched through the introduction of a new thin-rim Consolle characterized by elegant and soft lines, minimal shapes and contained dimensions.

## THE FIRST EDGELESS RANGE

EDGELESS

Prima serie di sanitari a bordo fino con estetica unica ed innovativa depositata (004106912-0001 e 0002) e bacino più grande a parità di dimensioni.

First-ever series of thin rim sanitary-ware with a unique and revolutionary patented aesthetics (004106912-0001 e 0002) and bigger bowl in same dimensions.

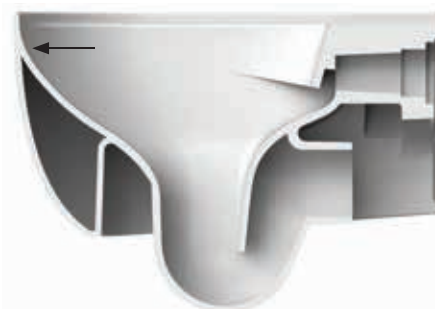

-----  
dimensione approssimativa bacino standard  
rough dimensions of standard bowl

## EDGELESS + RIMLESS WC

RIMLESS

La tecnologia rimless, con la conseguente eliminazione della brida, permette di togliere la camera ceramica e ridurre il bordo al minimo, ottenendo un'estetica ancora più minimal.

Without the rim, this technology allows the elimination of the ceramic chamber and the reduction of edge for enhanced minimal and clean aesthetics.

# ATELIER

*Sanitaryware & Washbasins Collection*

Viviamo in un mondo fantastico, in un mondo complesso caratterizzato da forti contrasti e contraddizioni. Guardiamo avanti ma siamo legati al passato. Sposiamo l'innovazione tecnologica ma siamo fedeli ad odori e sapori del passato. Melting pot e vintage sono le parole chiave che al meglio si addicono alla collezione Atelier... Appunto un atelier, un laboratorio dove presente e passato si incontrano per creare una collezione minimal-retró, caratterizzata dalla linearità delle sue forme e dalla presenza del bordo fino che si contrappongono alla iconicità e alla rotondità del suo profilo.

We live in a fantastic, many-sided world characterized by sharp contrasts and contradictions. We look at the future with a foot in the past.

We like to be technologically advanced but faithful to history.

"Melting pot" and "vintage" are the keywords for the Atelier collection, a collection where past and present perfectly blend and create Minimal-Retró lines. Linearity and thin rims in contrast with iconicity and rotundities of this creation.

## MOODBOARD MATERIALS

La parola chiave è versatilità! Abbiamo pensato a una collezione di finiture e colori in grado di interpretare stili diversi. In questo senso è la palette ideale per chi, in questi mesi difficili, vuole ripensare la casa con un nuovo progetto del colore. Abbiamo guardato al benessere abitativo, al comfort che una superficie colorata è in grado di trasmettere.

The key word is versatility! We have created a collection of finishes and colour for interpreting different styles. This is the ideal colour palette for those who - during this difficult period - would like to re-interpret the house through a new colour project. Our aim is the home wellness, the comfort conveyed by a coloured surface.

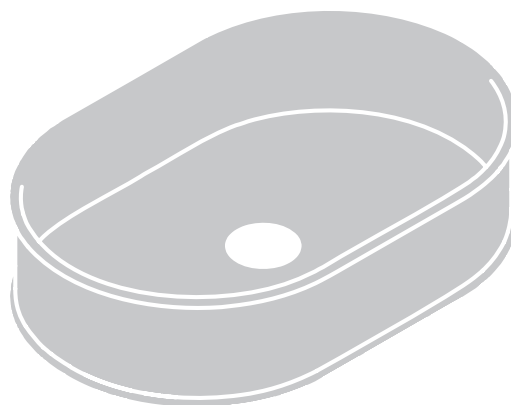

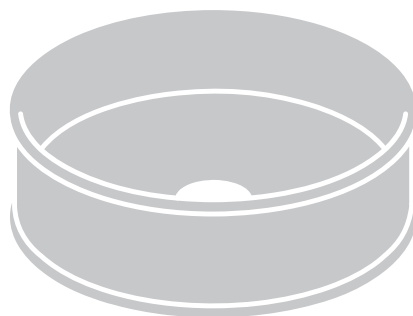

## MARMI & GRANIGLIE /SYSTEM

L'uso dei colori e delle textures, sia lucide che opache, è stato pensato appositamente ai fini della valorizzazione dei lavabi da appoggio della collezione Atelier, perchè è parte fondamentale della progettazione. Le tonalità introdotte da The.Artceram per i propri prodotti provengono da un'attenta analisi dei materiali naturali, che conferiscono all'ambiente bagno una particolare armonia.

I lavabi tondo ed ovale, realizzati nelle diverse finiture, ne vedono esaltate le loro forme e si differenziano visivamente, provocando sensazioni diverse alcune volte anche inaspettate!

The use of colours and textures, both glossy and matt, is the main feature that characterizes and enhances the countertop washbasins of Atelier collection, being a fundamental element of the whole project.  
The various shades of colours introduced by The.Artceram on its products are at the base of a careful analysis of natural materials that give harmony to the bathroom environment.  
Oval and round washbasins, with their various finishes, enhance their silhouettes and are visually different, provoking many unexpected feelings!

# CIVITAS

## *Sanitaryware & Washbasins Collection*

Civitas ridisegna il modello della colonna classica, icona architettonica portante, dandone una versione dal design raffinato e contemporaneo, applicato alla ceramica sanitaria. Curve e superfici ben proporzionate definiscono lo spazio in verticale. La base di forma ottagonale è caratterizzata da fasce sagomate lisce con funzione decorativa a sostegno della colonna in ceramica, vero elemento caratterizzante la collezione, su cui è appoggiato il morbido catino ovale.

Un progetto ispirato ai valori della memoria e della tradizione, per una collezione senza tempo.

Civitas restyles the conception of the classical column, supporting architectural icon, by refining it and making it much more contemporary compared to what is known in the ceramic field. Balanced lines and surfaces define the vertical space. The octagonal base is characterized by smooth, shaped lines decorating the ceramic column which is the hallmark of this collection topped with a smooth oval basin. Past values and tradition are at the base of this evergreen collection.

Collezione Civitas

CIVITAS

# CIVITAS SYSTEM

I lavabi Civitas possono essere completati da pratiche strutture metalliche pensate ad hoc!  
La struttura Quadra nasce dalla necessità di aggiornare il linguaggio estetico di questo elemento, non una semplice variazione decorativa o formale, ma una vera e propria innovazione paradigmatica. Lo studio fatto sul giunto pressofuso permette di avere diverse tipologie di "allestimento" e di dimensioni, un design ricercato e non banale per una collezione dall'estrema semplicità compositiva che risolve con originalità le più svariate esigenze funzionali.

Civitas washbasins are completed by practical ad-hoc metal structures!  
The Quadra structure was designed to update the aesthetical language of this element, not just through a simple decorative ad formal variation but through an exemplary innovation.

The careful study on die cast joint allows to have various types of fittings and dimensions,  
not a trivial idea but a refined design on a collection characterized by an extremely simple composition that aims to originally meet any functional demand.

## QUADRA STRUCTURE

L. 68 - 90 cm

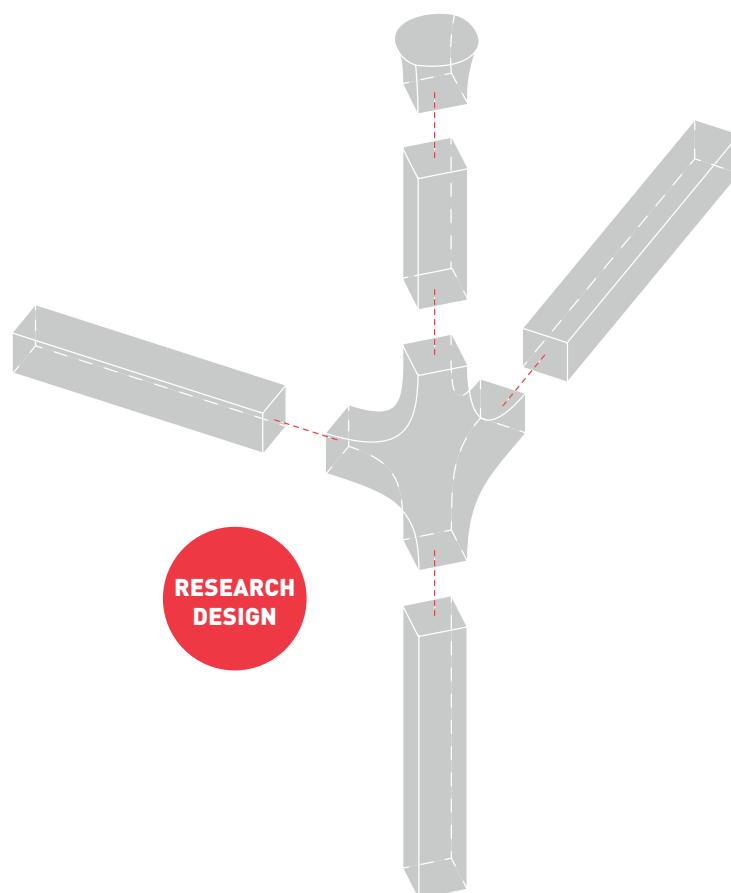

vuota / empty

con griglia / with grate shelf

con vetro / with glass

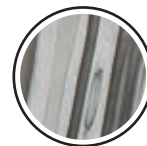

## CIVITAS SYSTEM

Con un design studiato più classico e discreto, la struttura Tonda appare maggiormente slanciata grazie alla conformazione delle gambe. Questa 2^ variante creata per le strutture Civitas è disponibile solo sulla consolle 90. Le diverse configurazioni sono ottenute mediante semplice piegatura del tubolare metallico, che è elemento strutturale ma anche pratico portasciugamani integrato. La struttura si completa con un piano di appoggio inferiore, disponibile in vetro o griglia; e come la precedente è declinata nelle 3 varianti cromatiche metalliche a disposizione.

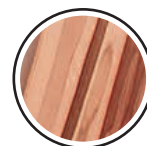

Thanks to a refined and discrete careful study, the Tonda structure has a sleek look due to the shape of its legs. This alternative solution of Civitas structures is available only for the consolle 90. The various setups can be obtained through the bending of the metal tube which is a structural element turning into a practical integrated towel holder. The structure is completed by a bottom top, glass or metal grid; like the other structures, 3 different metal colours are available.

# MONET

## *Sanitaryware Collection*

Monet è una collezione di sanitari a terra e sospesa rimless e con scarico traslato, che intuisce i desideri del pubblico e li soddisfa.

Le linee classiche dei sanitari sono qui ridisegnate in chiave contemporanea attraverso l'introduzione di forme generose e l'integrazione con profili essenziali e geometrici, una sintesi estetica formale tra linee rette e linee tonde, tra staticità e dinamismo con il fine di assicurare e soddisfare i 5 sensi del pubblico.

Un progetto equilibrato e bilanciato caratterizzato dalla sua pianta "squareoval" e dall'unico copriwater avvolgente slim, che da un lato colpisce per unicità e contemporaneamente rilassa e mette a proprio agio il fruitore.

Monet is wall-hung and back to wall rimless (with adjustable flush) sanitaryware collection that goes hand in hand with and satisfies the customers' demand.

Classical lines are here re-designed in a contemporary key through the introduction of generous shapes integrated with essential and geometric lines, a formal aesthetical synthesis of round and straight lines, static and dynamic ideas that give customers' feelings full satisfaction. A very balanced project characterized by its "square-oval" plant and by the uniqueslim seat that impresses for its special lines and at the same time relaxes the user.

## COGNAC COLLECTION /SYSTEM

Scordatevi solo la classica ceramica bianca lucida, perchè con i lavabi da appoggio Cognac si può dare sfogo alla propria creatività! Possono essere utilizzati per linee coordinate alle altre nostre collezioni, o accostati liberamente tra di loro. Tutte le finiture e colorazioni sono disponibili sull'intera famiglia Cognac e Cognac Quadro.

Un' articolata proposta di lavabi da appoggio pensati per diventare il centro focale della zona bagno, che spaziano tra forme, dimensioni e stili differenti. Per una visione innovativa che esplora le valenze espressive della ceramica, coniugando le performance tecniche all'aspetto emozionale.

Forget about the classical glossy white ceramic since the Cognac countertop washbasins collection unleashes our creativity! These washbasins can be used to match other collections or installed on their own. All finishes and colours are available both on Cognac and Cognac Quadro collections. A large proposal of countertop washbasins conceived to be the focus of the bathroom area with their different shapes, dimensions and styles. Innovative view on ceramic expressive powers blending technical performances and emotional aspects.

### COGNAC

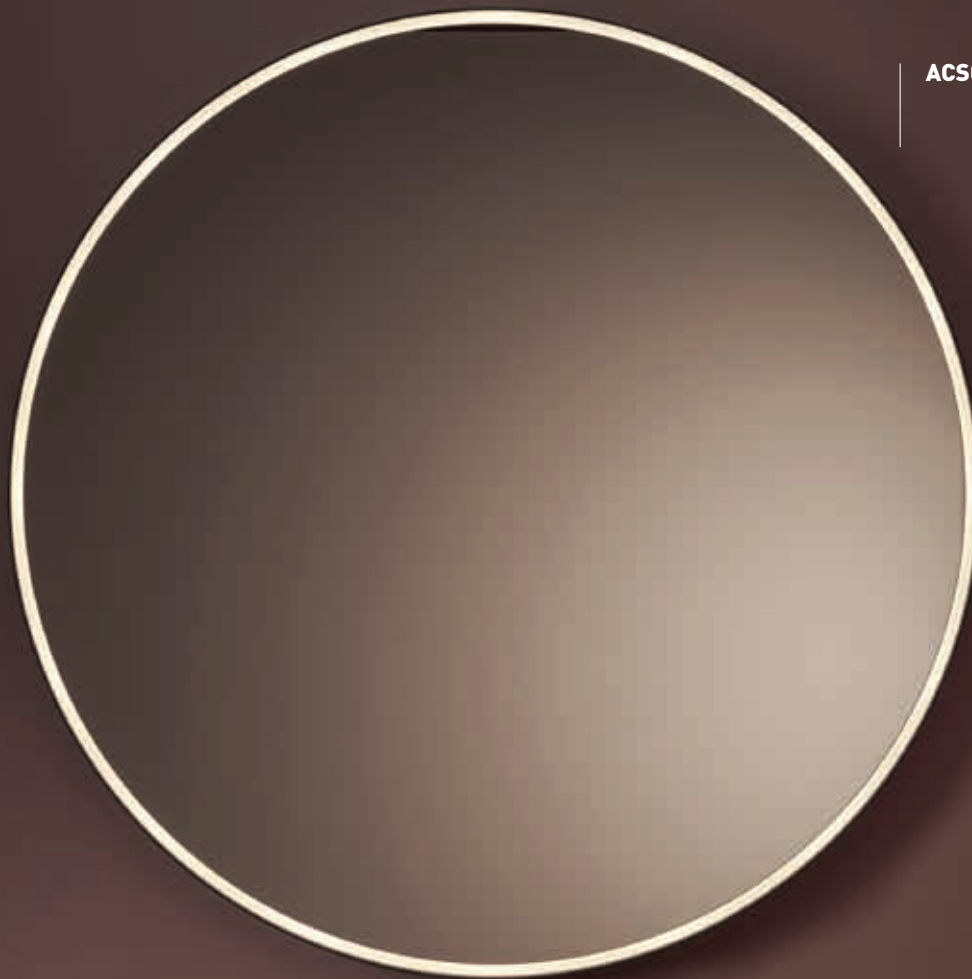

applicazione su tutta la collezione X 5 lavabi

## MOODBOARD MATERIALS

Prendiamo ispirazione dalle texture dei materiali più pregiati per offrire soluzioni estetiche inedite che possano andare incontro alle esigenze di una clientela ampia e diversificata. Tutte le finiture sono state selezionate e pensate per intercettare le tendenze più attuali del settore bagno. La scelta del colore assume un ruolo chiave nel conferire personalità e identità. Ogni finitura in collezione è frutto di una contaminazione che mira a soddisfare al meglio le esigenze specifiche legate a ogni progetto.

We are inspired by the texture of the most refined material to offer brand new aesthetical solutions that meet any customer's demand. All finishes have been conceived and selected to match the contemporary trends in the bathroom design. The choice of colours is of fundamental importance to give a place personality and identity. Any collection finish comes out of a blending that fully meet any project special needs.

# GHOST

*Washbasins Collection*

Ghost è un lavabo da appoggio in ceramica dal design essenziale e bordo sottile sviluppato in due misure. Le forme leggermente arrotondate e il bordo ceramico ridotto al minimo conferiscono al design leggerezza ed eleganza.

Una ricca proposta di nuovi lavabi di appoggio a bordo sottile per un bagno sempre più funzionale e in linea con la richiesta del mercato.

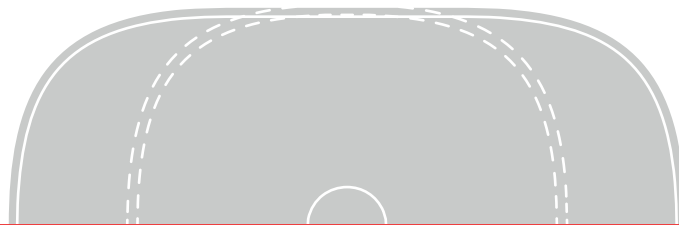

Ghost is a countertop washbasin characterized by a minimal design and presented in two different sizes. Round shapes and very thin rims highlight the concepts of elegance and lightness. A very rich offer of thin-rim countertop washbasins for an increasingly functional bathroom in line with the market demand.

# LAVAMANI

*Small Washbasins Collection*

Una serie di lavabi di piccole dimensioni da posizionare a parete quando le dimensioni della stanza da bagno sono ridotte ma non si vuole lasciare nulla al caso!

Le forme compatte, ingentilite da angoli arrotondati e spessori particolarmente sottili, definiscono questi oggetti come unità morfologiche minime, con cui comporre liberamente configurazioni sempre adeguate agli spazi disponibili e alle intuizioni progettuali. Una proposta versatile, dal design contemporaneo, che si presta ad un inserimento sempre appropriato nei più diversi contesti architettonici, anche in abbinamento con altri elementi delle collezioni Artceram!

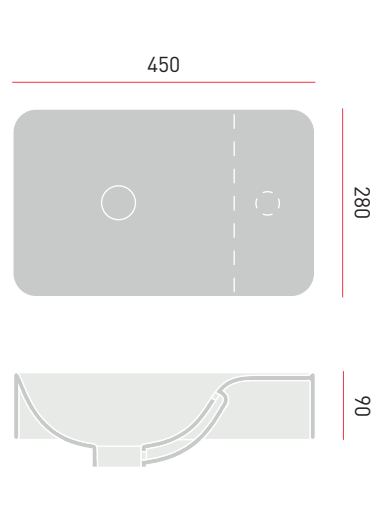

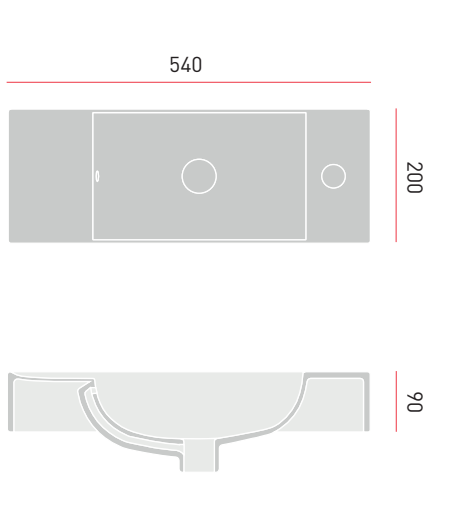

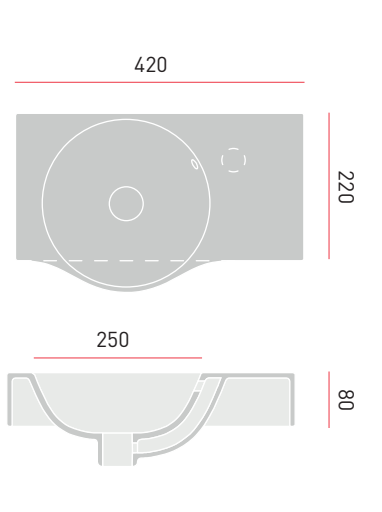

A collection of small wall-hung washbasins to use when the bathroom area is reduced in size but the end-users do not want to leave nothing chance! Compact shapessoftened by round angles and slim rims characterize these minimal morphological units useful to create perfect combinations according to space and design intuitions. A versatile proposal, contemporary in terms of design that can be properly inserted in various architectural settings matching or not other elements of collections made in Artceram!

# LAPIS

## *Shower Trays Collection*

Lapis è la nuova linea di piatti doccia in ceramica realizzata interamente "Made in Italy". La tecnologia di produzione in alta-pressione permettere di avere una finitura naturale e incredibilmente materica, con dettagli di altissima definizione. Disponibili in tutti i colori opachi con finitura antiscivolo e in 6 diversi formati reversibili - smaltati sui tutti i 4 lati! - sono pensati per essere inseriti in modo armonioso in tutti gli ambienti bagno, in appoggio sul pavimento grazie allo spessore di soli 3 cm. Accessori coordinati di altissima qualità, come la speciale piletta (in acciaio o in tinta con il piatto doccia) che permette di raggiungere il massimo risultato estetico.

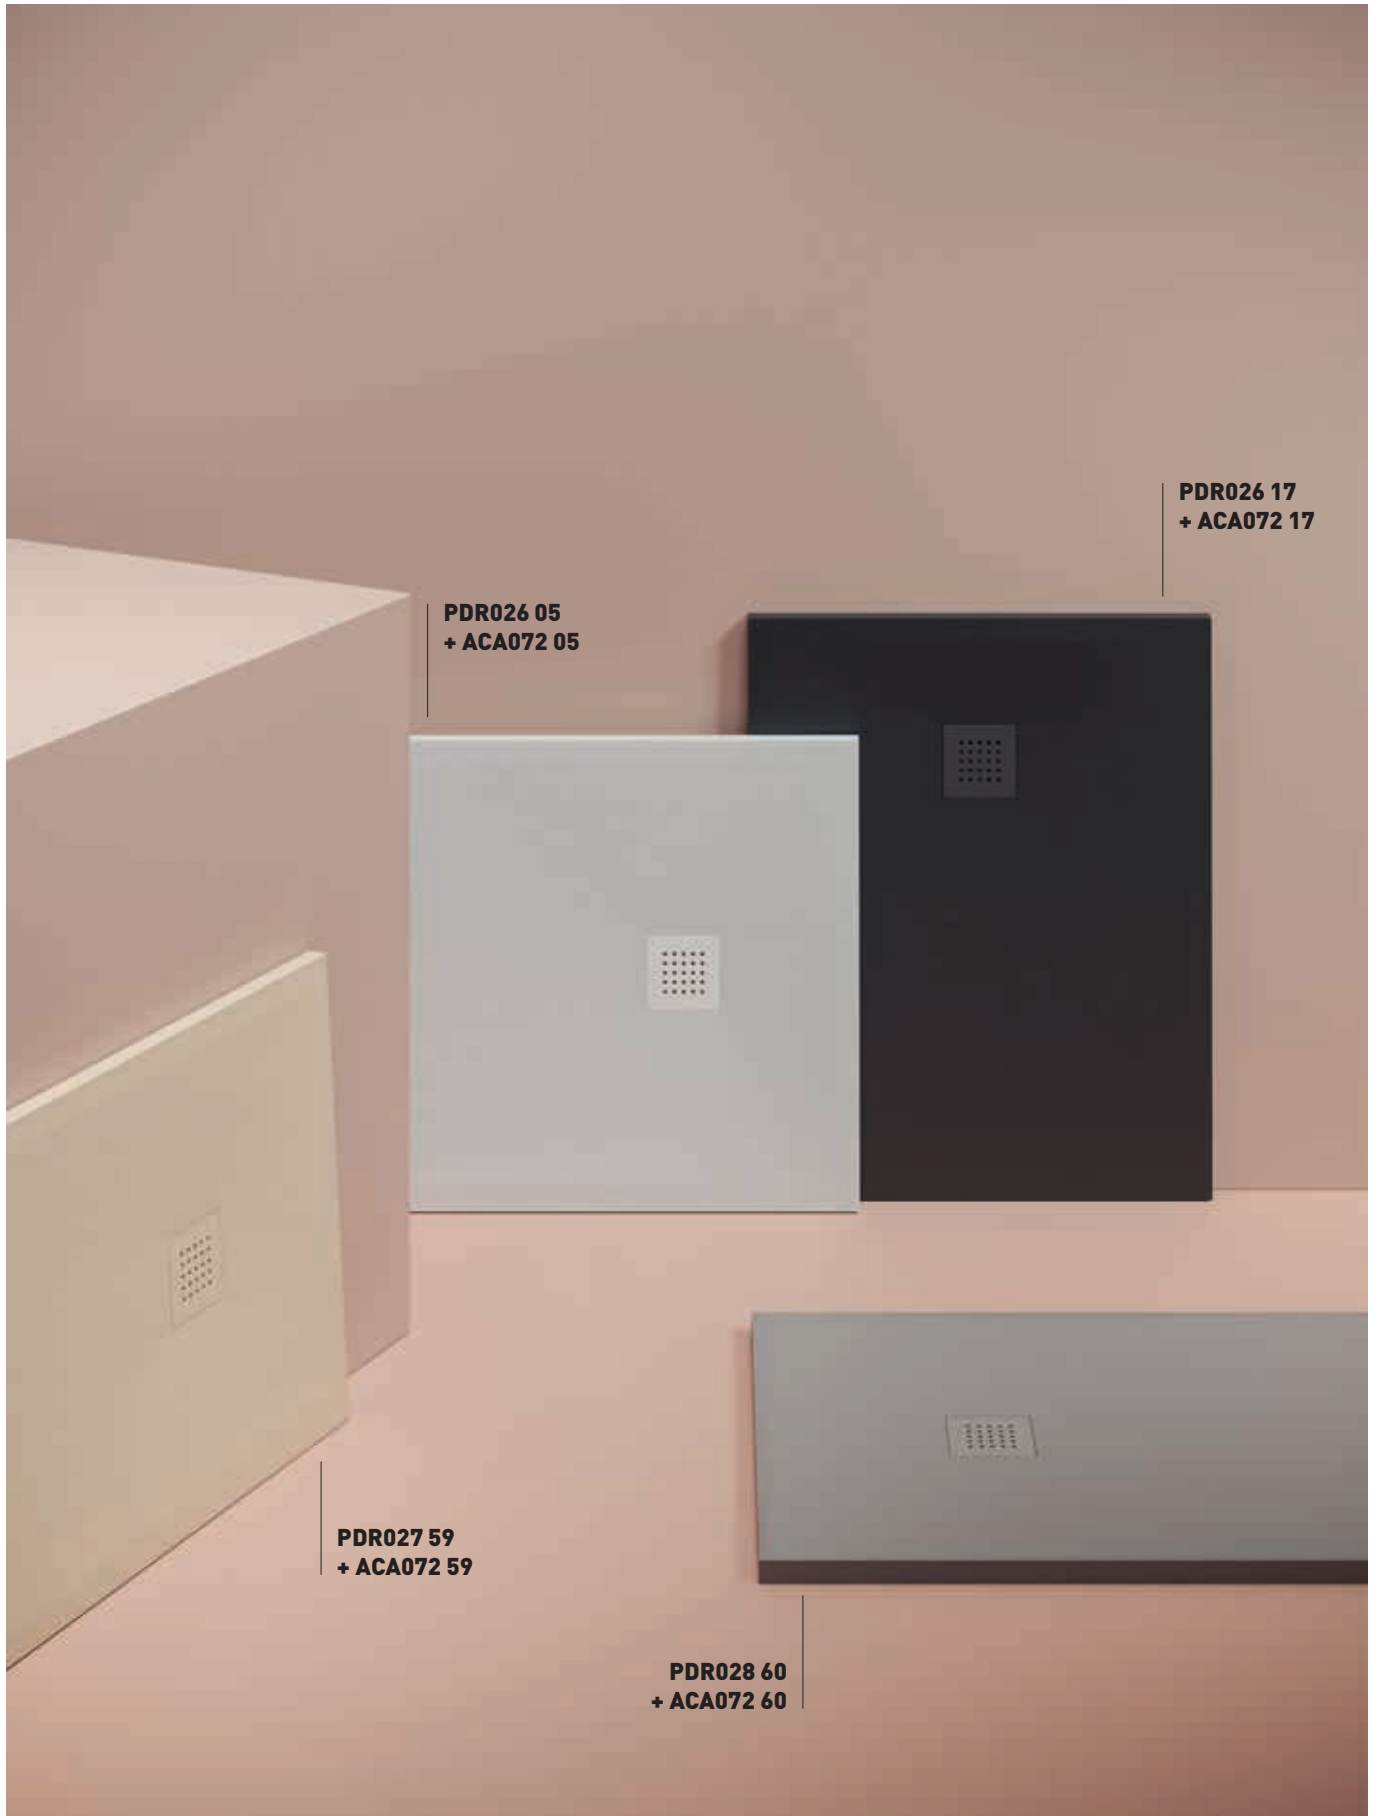

Lapis is the new collection of shower trays completely "Made in Italy".

The high-pressure casting technology allows us to have a natural and very solid finish with details which are highly defined.

Available in all matt colors with non-slip finish and 6 reversible dimensions - the four sides are glazed! - have been designed to be harmoniously inserted in every bathroom space by mounting them on the floor thanks to the 3cm thickness. Accessorized with high quality elements, as the special drain (in stainless steel or matching the shower tray colour) with this collection we try to reach the maximum aesthetical result.

LAPIS

## LAPIS/SYSTEM

La ceramica in alta-pressione conferisce a Lapis un'affidabilità nel tempo senza paragoni, consentendo di ottenere un prodotto di elevatissima qualità utilizzando solo materiali naturali, in contrapposizione netta con i compositi sintetici e le resine epossidiche. Lo smalto ceramico antibatterico rende particolarmente igienico il piatto doccia, facile da pulire (anti-macchia, testato UNI 4543) e conferisce caratteristiche nettamente superiori in termini di durata e resistenza rispetto alle superfici in resina (che contrariamente sono porose, e potrebbero tendere ad assorbire agenti esterni). Infine lo smalto di Lapis è arricchito con proprietà anti-scivolo (aderenti alle normative Europee DIN 51097) per assicurare la massima sicurezza durante l'utilizzo. I piatti doccia ceramici Lapis offrono un'estrema flessibilità, grazie ai bordi smaltati sui 4 lati che garantiscono l'adattabilità in ogni tipologia di area doccia, per adattarsi con facilità a qualsiasi progetto bagno!

The high-pressure casting technology give Lapis an incomparable reliability through the years by producing a product of very-high quality and using only natural materials in stark contrast to composite materials and epoxy resins. The use of the anti-bacterial glaze make these shower trays really hygienic, easy to clean (cannot be stained as per test UNI 4543) characterized by superior qualities in terms of product-life and resistance as opposed to the resin surfaces (these are porous and can absorb or be easily attacked by external agents). Last but not least, the glazed sprayed on Lapis is enriched by anti-slip features (complying with European Standard Rules DIN 51097) to assure maximum safety during the use. Lapis ceramic shower trays are extremely flexible to install thanks to the fact that all 4 sides are glazed, this feature make them useful in any shower area and bathroom project!

## LIVINGTEC / MATERIAL

### CARATTERISTICHE, USO E MANUTENZIONE

È prodotto con un materiale compatto la sua composizione è a base idrato di allumina e una bassa percentuale di resina poliestere acrilica materiale piacevole al tatto, la sua omogeneità e brillantezza, il nero la raggiunge totalmente grazie ad un trattamento a spruzzo, prodotto da trattare con cura ed attenzione.

### CONSIGLI PER LA PULIZIA

Lavare la superficie dei lavabi esclusivamente con prodotti neutri liquidi.  
Per riassicquare e asciugare usare: spugne non abrasive, panni morbidi o pelle di "daino".

### COSE DA NON USARE

Pagliette d'acciaio, prodotti anticalcare e prodotti contenenti acidi.

### TUTTI GLI ARTICOLI IN CATALOGO SONO IN FINITURA LUCIDA

### CHARACTERISTICS, USE AND MAINTENANCE

The livingtec is a compact, not porous material. Its composition is based on hydrate of alumina and a small percentage of resins polyester acrylic, a material pleasant to the touch.  
This material is so uniform and bright thanks to a spray-treatment. Please, take care and attention.

### CLEANING ADVICES

Wash the surface only with fluid neutral products; to remove soap and dry, use only not-pot scourers, soft clothes or deerskin.

### DON'T USE FOR CLEANING

Wire wool, anti-limestone products and acid products.

### ALL PRODUCTS IN CATALOGUE ARE IN GLOSS FINISH

## LEGNO - WOOD / MATERIAL

### LAVORAZIONI E ACCESSORI

- lavorazioni effettuate con macchinari a controllo numerico
- finitura trasparente effettuata con vernice acrilica provvista di certificazioni che ne attestano la resistenza all'umidità
- staffe per mensole in metallo laccato grigio
- ferramenta Wuth

### MANUFACTURING AND ACCESSORIES

- work done with CNC machines
- transparent finish made with acrylic paint provided with certifications that attest the resistance to moisture
- brackets for shelves in lacquered metal gray
- Wuth hardware

# CONDIZIONI GENERALI DI VENDITA

## DISPOSIZIONI GENERALI

Le presenti condizioni di vendita e di consegna si intendono integralmente accettate dal Committente con il conferimento dell'ordine o con il ritiro dei materiali. Vengono respinte le eventuali condizioni generali di contratto del Compratore.

## ACCETTAZIONE ORDINI

Gli ordini sono da intendersi subordinati all'accettazione di Artceram.

## PREZZI

I prezzi possono essere variati senza nessun preavviso e si intendono pattuiti secondo i listini in vigore al momento della consegna. I prezzi contenuti nel presente listino sono da intendersi franco fabbrica e IVA esclusa.

## PAGAMENTO

I termini di pagamento si intendono tassativi e decorrono dalla data di fatturazione. I pagamenti devono essere effettuati direttamente ad Artceram presso la sua sede. Hanno effetto liberatorio solo i pagamenti in contanti. Ogni altra forma di pagamento (assegni di c/c, circolari, vaglia, cambiali, tratte, ecc.) resta a completo rischio, pericolo e spesa del Committente e, ove accettata, salvo buon fine. Qualsiasi ritardo imputabile al Committente o qualsiasi contestazione sorgesse fra le parti, anche relativamente alle garanzie concesse, non produrrà alcun prolungamento o modifica nei termini dei pagamenti convenuti ed ogni azione ed eccezione del Committente non sarà ritenuta procedibile, se lo stesso non proverà di essere in regola coi pagamenti. Nel caso di mora in qualsiasi pagamento potranno essere sospese ed annullate le forniture in corso. Decorso il termine di pagamento stabilito in fattura senza che ne sia avvenuto il regolamento, Artceram avrà la facoltà di emettere tratta a vista per l'ammontare dell'intero credito aumentato delle spese. L'eventuale ritardo nel pagamento comporterà l'addebito di interessi al tasso corrente di mercato, aumentato del 2%. Nel caso di inosservanza di uno dei termini di scadenza anche tutte le altre fatture del venditore saranno immediatamente esigibili. L'esigibilità di tutte le fatture si verifica anche nell'ipotesi in cui il venditore venga a conoscenza di altre circostanze che lascino temere una cattiva situazione finanziaria del compratore (per esempio: emissione di assegni scoperti, cambiali protestate, procedimenti di sequestro, ecc.).

## TERMINI DI CONSEGNA, RITARDI O IMPEDIMENTI DI FORNITURA

Allorché viene indicato un termine di consegna, questo ha valore semplicemente informativo e non impegnativo, essendo subordinato a qualunque imprevisto. La consegna della merce si intende eseguita con la messa a disposizione della merce presso il nostro stabilimento di Civita Castellana (Italia). Interruzioni di lavoro conseguenti a cause di forza maggiore dispensano Artceram dall'osservare il termine di consegna indicato, senza peraltro dare diritto al Committente di esigere risarcimenti dovuti a danni di qualsiasi natura. La merce dovrà essere sempre ritirata dal Committente e non dovrà essere in ogni caso lasciata giacente. Le eventuali spese di giacenza, magazzinaggio, ecc. saranno comunque a carico del Committente.

## TRASPORTO

Salve condizioni particolari, la merce è venduta franco nostro stabilimento ed in ogni caso viaggia a rischio e pericolo del Committente anche se resa franco destino. Sono consentite forniture parziali e anticipate. Il trasporto è a carico del Committente. Le spedizioni avvengono per conto ed incarico del Committente, il quale, in caso di avarie, rotture o ammanchi, deve notificarlo alla nostra azienda, tramite il vettore, al momento della consegna. La merce consegnata rimane di riservato dominio della venditrice fino all'avvenuto pagamento. I termini di consegna si intendono sempre indicativi ed in relazione alle possibilità del momento. Non si assume nessuna responsabilità per ritardi o mancate consegne per fatti o atti indipendenti dalla nostra volontà ed eventuali richieste di risarcimento danni per ritardi di consegna non saranno accettati.

## IMBALLAGGIO

L'imballaggio viene effettuato in pallets e retraibile. Il costo dell'imballaggio è a carico del Committente, salvo patto contrario risultante dalla conferma d'ordine. A parziale recupero delle spese di imballo viene addebitato il 3%.

## RESPONSABILITÀ

Artceram non dà garanzie circa l'impiego errato o inadatto della merce fornita e pertanto nessuna responsabilità potrà essere attribuita a qualsiasi titolo e nessun indennizzo potrà essere richiesto. Qualora il materiale risultasse difettoso per vizi di fabbricazione riconosciuti a seguito di accertamenti tecnici, Artceram si riserva di sostituirlo o di accreditare il valore qualora più conveniente procedere alla sua distruzione in loco. In nessun caso la responsabilità di Artceram può estendersi ai danni diretti e indiretti che dovessero derivare dalla posa in opera del materiale difettoso.

## RECLAMI

Non si accettano reclami di nessun genere trascorsi otto giorni dal ricevimento della merce. Eventuali reclami dovranno essere fatti a mezzo lettera raccomandata entro tale termine. In ogni caso nessuna contestazione verrà accettata per materiali già posti in opera.

## CARATTERISTICHE TECNICHE E COLORI

Artceram si riserva la facoltà di modificare le caratteristiche al fine di migliorare tecnicamente ed esteticamente il prodotto o sospendere la produzione dei modelli in qualsiasi momento senza preavviso. Pesi e misure sono da considerarsi indicativi. Le misure di installazione, riportate nei cataloghi, possono presentare differenze rispetto ai pezzi reali in considerazione delle peculiari caratteristiche di fabbricazione degli articoli in ceramica.

## FORO COMPETENTE

Qualsiasi controversia fra Artceram e il Committente sarà di competenza soltanto del Foro di Viterbo (Italia), esclusa qualsiasi altra deroga, anche nel caso di chiamata in giudizio per garanzia, connessione, contigenza di lite.

# GENERAL SALES CONDITIONS

## GENERAL CONDITIONS

*The present conditions of sale and delivery are considered as fully accepted by the Purchaser upon the order or the collection of the goods. Any general conditions of sale of the Purchaser are rejected.*

## ACCEPTANCE OF ORDERS

*The orders are anyway subject to the prior consent of Artceram.*

## PRICES

*Prices may be charged without notice and are agreed according to the price list in force on delivery. The prices of the present price list are meant ex factory and don't include V.A.T.*

## PAYMENT

*Payment terms must be strictly respected starting from the invoice date. Payments should be made directly to Artceram at its headquarter. Only cash payment will free from the debt. Any other form of payment (current account cheques, bank draft, money orders, bills, draft and so on) is accepted under reserve and remains at the Purchaser's risk, peril and expenses. Any delay caused by the Purchaser or should any dispute arise between the parties as to the guarantees granted will not result in an extension or change of the terms of payment agreed upon and any Purchaser's action and exception will not be considered as prosecutable if the Purchaser does not prove to be up-to-date with his payments. In case of delay in any payment the supplies under way may be interrupted or cancelled. If no payments has been received within the terms set up in the invoice, Artceram will be authorized to issue a sight draft for the total amount of its credit plus the relevant expenses. Any possible delay in the payment will result in the charge of interest at the market current rate plus 2%. In case of failure to meet one of the payment dates the seller will be entitled to demand immediate payment of all other invoices. Payment of all the invoices may also be demanded if the seller receives information about others circumstances which may indicate that the purchaser's financial situation is not sound (for example: issue of bouncing cheques, protested bills of exchange, attached proceeding).*

## DELIVERY TERMS, DELAYS OR OBSTACLES IN SUPPLY

*When a delivery terms is stated, such term is given only for information purpose and is not binding since it is subject to any kind of contingency. Delivery is considered as being completed when the goods are available at our factory in Civita Castellana (Italy). Work stoppage resulting from act of God will exempt Artceram from the observance of the delivery term stated without giving the Purchaser the right to claim for any kind of damages. The goods shall always be collected and shall not remain in stock for any reason. Any stock or storage expenses or other costs will be charged to the Customer.*

## CARRIAGE

*Except for particular condition, goods are delivered ex factory and travel at Purchaser's risk even when they are delivered free port of destination. Partial supplies and early supply are permitted. The cost of transport is at Customer charge. Shipment are made on behalf of the buyer. In case of damages, breakages and shortages, the buyer has to notify to our firm through the carrier at the moment of the delivery. The supplier is the owner of the delivered goods up to the due payment. Terms of delivery are subject to variations and depending to the possibilities of the moment. Our firm is not responsible for any delay or missing deliveries caused by any facts independent of our will and any claim for reimbursement for any delay that may occur in delivery will not be accepted.*

## PACKAGING

*The packaging is made in pallets and shrink. The cost of the packaging is charged to the Purchaser, unless otherwise agreed upon as specified in the order confirmation. We charge of 3% for freights of packaging.*

## LIABILITY

*Artceram gives no guarantee against the improper or wrong use of the goods supplied, consequently no liability may be imputed to it for any reason and no damages may be claimed for. Should the material be supplied turn out to be faulty for manufacturing defects being acknowledged after technical checks, Artceram reserves the right to replace it or to credit its value if the destruction on site of the goods is deemed to be more convenient. The liability of Artceram can in no case be extended to the direct and consequential damages which could result from the installation of faulty material.*

## COMPLAINS

*No complain of any kind will be accepted after eight days from the receipt of the goods. Possible complains should be made through a registered letter within such term. In any case no objection will be accepted for already installed material.*

## TECHNICAL FEATURES AND COLORS

*Artceram reserves the right to change the features of its products in order to improve them from the technical and aesthetic viewpoint or to interrupt the production of certain models in any time without notice. Weight and measures are given only for information purposes. Discrepancies may be found between the dimensions shown in the catalogues and the real pieces because of the manufacturing characteristics of the articles in ceramic.*

## COMPETENT COURT

*Any dispute between Artceram and the Purchaser will be settled only by the Court of Viterbo (Italy), with no exception to such rule, even in case of summons for guarantee, consolidation of actions or lawsuit contingency.*
